**SAN JOSE, CA** – Today, Tuesday, February 27<sup>th</sup>, **Red to Blue California**, is announcing that the organization has added Congressman Devin Nunes (CA-22) to the list of targeted congressional districts that they are working to flip from red to blue this November.

“After receiving overwhelming feedback from our more than 300,000 grassroots supporters that they wanted to engage in the fight to defeat Congressman Devin Nunes, we are going to do just that,” said **Red to Blue California Executive Director Vince Rocha**. “Over the last seven months, since Red to Blue California was founded, Devin Nunes has endangered our national security and put our democracy at risk more than once. Our supporters have spoken and said that it is just too dangerous for Devin Nunes to remain in Congress.”

In making this decision, Red to Blue California directly surveyed it’s over 300,000 grassroots supporters.
