RED TO BLUE CALIFORNIA Statement on Trump Administration Repeal of Clean Power Plan

MODESTO, CA – Today, Tuesday, October 10th, **RED TO BLUE CALIFORNIA** President Michael and Chairman Former Congressman Mike Honda released the following statement on the Trump Administration's decision to repeal the Clean Power Plan:

"This decision by the Trump Administration, while not a surprise is unacceptable and dangerous. The war on our environment is raging -- the health and well-being of Californians is at stake. From our historic drought, and wildfires the time to act is now. Republicans must stand behind our children, families, and the future of our planet -- not the destructive policies of the Trump Administration. If they don't, we will organize, mobilize and they will be voted out."

Launched in June of 2017, Red to Blue California is focused on defeating the seven incumbent California Congressmembers currently representing districts carried by Hillary Clinton in 2016. Additionally, Red to Blue California is committed to electing local Democratic leaders to offices that sit in any of these seven red districts in order to build a bench of future Democratic Party leaders.
